#### FOR GOVERNOR HON. HIESTER CLYMER, OF BERKS COUNTY.

Who are the Theives now? Self-styled "loyal" newspapers made the name of Floyd synonymous with "theif"and why? Because, when secession was about to be inaugurated, he took possession of and distributed among the Southern States a large amount of arms and warlike munitions belonging to the Government .-What are the Disunionists now at? Attempting to get control of the warlike property of the Government for distribution among the New England States and other States whose officials are known to be favorable to the Rump usurpation! Who are the Floyds now? Every Rump Disunionist who voted for the resolution to distribute the arms of the Government is a theif and a revolutionist, and the country will hold them all responsible for the bloodshed and anarchy which may result from the treasonable acts which they are perpetrating, and which, sooner or later, must end in civil war.

## Black Statistics,

The Press and other "loyal" journals are giving three times three hearty cheers for publishing, with eulogistic sayings, the acts and heroic deeds committed by "our sable defenders"-the negro soldiers. This is in proper keeping with the tone and conduct of all those newspapers. The side of the darkey.

According to a tabular statement published, we observe that 11,018 negroes were mustered into the United States service during the war, at Camp William Penn, Philadelphia. Of this number 427 died of wounds, 886 descried, (we had no idea that a nigger could desert,) and the number discharged, and the losses by disease amount in the aggregate to 3,368. The published tables give no column of those killed in battle ; but if we are to accept the sayings of those self- the high patriotic object in view to permit constituted loyalists for truth, we presume | the presence of those men to disturb, in the the ballance all fell at the front in bayonet charges on the "rebel works."
